## TO THE INHABITANTS OF THE TOWN OF CONWAY QUALIFIED TO VOTE IN TOWN AFFAIRS:

You are hereby notified to meet in the town house in the said town, on the second Tuesday of March next, at nine o'clock in the forenoon, to act upon the following subjects:

### ARTICLE I.

To choose a Town Clerk for the ensuing year.

### ARTICLE II.

To choose three Selectmen for the ensuing year.

### ARTICLE III.

To choose one or more Road Agents, not exceeding three, for the ensuing year.

### ARTICLE IV.

To choose a Collector of Taxes, Treasurer, and two Auditors, and all other necessary town officers.

### ARTICLE V.

To see if the town will vote to appropriate a sum sufficient to pay the existing contracts due May 1, 1900, for breaking roads and snowing bridges.

### ARTICLE VI.

To see what sum of money the town will vote to raise for the repairing of highways and bridges, in addition to the one per cent. upon the valuation of the town, as required by law.

### ARTICLE VII.

To see what sum of money the town will vote to raise to defray town expenses for the ensuing year.

## ARTICLE VIII.

To see what sum of money the town will vote to raise and pay to Custer Post, G. A. R., of said town to assist in defraying the expenses of decorating the graves of deceased soldiers, and other necessary expenses of Memorial Day, May 30, 1900.

## ARTICLE IX.

To see what sum of money the town will vote to raise for the town free library in addition to the sum required by law to be assessed.

## ARTICLE X.

To see if the town will vote to raise and appropriate a sum not exceeding three hundred dollars for the purpose of draining the streets at Centre Conway.

## ARTICLE XI.

To see if the town will vote to raise and appropriate a sum not exceeding three hundred dollars for the purpose of repairing road called Artist Falls Street, between Daniel Hayford's and Richard Maloney's, so as to prevent the brook from flooding the highway.

## ARTICLE XII.

To see if the town will vote to raise and appropriate a sum sufficient for the purpose of draining the highway in front of B. & M. R. R. station at Conway Village.

## ARTICLE XIII.

To see if the town will vote to discontinue the old road between the two points where the new road connects with the old, passing by the house of T. B. Ivy.

## ARTICLE XIV.

To see if the town will authorize the sale of the school-house in what was formerly called District No. 9.

## ARTICLE XV.

To see if the town will vote to raise and appropriate a sum of money sufficient to pay the interest already due and to accrue within the year.

## ARTICLE XVI.

To see if the town will authorize the Selectmen to hire upon the credit of the town a sum not to exceed five thousand dollars, if needed.

## ARTICLE XVII.

To act upon any other business that may legally come before said meeting.

Given under our hands and seal this 22nd day of February, 1900.

# School District Warrant.

## The State of New Hampshire.

(L.S)

TO THE INHABITANTS OF THE SCHOOL-DISTRICT  
OF THE TOWN OF CONWAY, QUALIFIED TO  
VOTE IN DISTRICT AFFAIRS:

You are hereby notified to meet in the town house in said district, on the seventeenth day of March, 1900, at ten o'clock in the forenoon, to act upon the following subjects:

### ARTICLE I.

To choose a Moderator for the ensuing year.

### ARTICLE II.

To choose a Clerk for the ensuing year.

### ARTICLE III.

To choose a Treasurer for the ensuing year.

### ARTICLE IV.

To choose a member of the School Board for the ensuing three years.

### ARTICLE V.

To see what sum of money, in addition to that required by law, the district will raise and appropriate for the support of schools for the ensuing year.

### ARTICLE VI.

To see what sum of money the district will raise and appropriate for repairs on school buildings for the ensuing year.

### ARTICLE VII.

To see what sum of money the district will raise and appropriate for insurance and water for the ensuing year.

### ARTICLE VIII.

To see if the district will raise and appropriate the sum of one hundred dollars, the amount awarded George A. Heath for damage, by the special committee appointed at the last district meeting.

## ARTICLE IX.

To see if the district will raise and appropriate the sum of forty-five dollars, the same having been advanced by the school board for insurance and water the past year.

## ARTICLE X.

To see what sum of money the district will raise and appropriate to relieve the crowded condition of the Redstone school.

## ARTICLE XI

To see what action the district will take in regard to the sanitary condition of the new school-house at North Conway village, known as No. 8, and what sum of money they will raise and appropriate therefor.

## ARTICLE XII.

To see if the district will vote to authorize the School Board to unite with one or more town districts or special districts to form a supervisory district for the purpose of employing a superintendent of the public schools therein, under the provisions of Chapter 77, of the Session Laws of New Hampshire, 1899.

## ARTICLE XIII.

To hear the reports of agents, auditors, committees, or officers heretofore chosen, and pass any vote relating thereto.

## ARTICLE XIV.

To choose agents, auditors, committees, in relation to any subjects embraced in this warrant.

## ARTICLE XV.

To act upon any other business that may legally come before this meeting.

Given under our hands at said Conway this 24th day of February, 1900.

## Our Town Schools.

The School Board wish to thank the town for the prompt generosity with which it granted the appropriations asked for school purposes last year and to say that, for their part, they have tried to be as economical as possible in the expenditure of the school moneys.

Of the \$300 allowed for repairs, \$145 was used at the Conway Village school-house for a wood-ceiling for the primary room, and for plastering and interior painting; \$76 were spent on the Thom's school-house, which was new-shingled and painted both inside and outside, and the rest was paid for smaller repairs on the different school-houses throughout the town.

The plan of having the janitor work done by the scholars themselves, has been followed (in the main) this year, as well as last, with good results as to the work and a great saving of money to be applied to the support of the strictly educational functions of the schools.

It has been a long time since most of our school-houses were painted; some of them need a fresh coat badly, and it has been thought best to repaint two or three each year instead of having them all done in one year. At the Echo Lake school-house, the plastering is falling off and the interior of the school-room ought to be painted; there are each year minor repairs needed at all the school-houses and we recommend that the sum of \$300 be raised for repairs on school-houses.

It seems imperative that there should be room for more scholars at the Redstone school-house. Last term there were sixty-five to occupy seats, but only forty-eight seats; and as it was considered that there were too many pupils for one teacher, an assistant (Miss Marion Perkins) was appointed to help

Mrs. Warren for part of the term. It is now thought best to raise the building a story higher and have two rooms and employ two teachers, if possible separating the scholars into two grades. The cost of raising, and finishing the new room, it is estimated would be not less than \$800, and we therefore recommend that the School District make an appropriation of \$800, for enlarging the school-house at Redstone.

At the School Meeting last year a committee of three (Messrs. E. B. Carlton, H. B. Cotton, and J. L. Gibson), was appointed to confer with Mr. George Heath and if possible effect a settlement for suit brought by him against the School District, said suit being for alleged damages to shade-trees and land owned by him, from overflow of the water-pipes at the Conway school-house. This committee settled with Mr. Heath for \$100, which (as there was no appropriation for such purpose) was taken from the School Fund: as this fund cannot rightfully (legally) be used in such manner, we recommend that the sum of \$100 be appropriated to replace it. It will be remembered that suit was brought for \$500.

The School District has been in the habit of having some school-houses insured for one year at one per cent. interest annually, but it was found that insurance on all school buildings could be obtained for three years at two per cent., making a considerable saving to the District, and the chairman of the School Board advanced \$45 in payment for such insurance: we recommend that an appropriation be made to repay him.

We recommend that the sum of \$100 be appropriated for the renewal of insurance and water bills.

We recommend that the same sum as was raised for the support of schools last year, namely \$2200, be appropriated to the same purpose this year.

It is necessary that the School District take some action with reference to the sanitary conditions existing at the North Conway village school-house. The present arrangement has been condemned by the chairman of the Conway Board of Health, and school work has been and is likely to be still further impeded if such arrangement be continued.

The town this year received the sum of \$825.85 from the

State Treasury, under the new law, this being "An Act to equalize the School Privileges of the Cities and Towns of the State:" this sum must be applied to the support of the public schools, and as the school year ends August 1st, it was decided to have a longer than usual spring term of twelve or perhaps thirteen weeks, beginning early in March, with a recess about the middle of the term, and closing the last of June.

The following letter has been received by the members of the School Board:

New Hampshire Department of Public Instruction, Concord.

Nov. 25, 1899.

To the Members of School Boards:

In accordance with the provisions of Section 6 of Chapter 77 of the Session Laws of 1899, the town of Conway will receive \$825.85 from the state treasury, upon the adjustment of its State tax in December, which sum must be applied to the support of its public schools.

By this award the town is not relieved in any degree of the legal necessity of raising money for the support of its schools. The law is calculated to supplement the efforts of the town to advance the educational standard. The importance of doing this is urged upon you. The justification of this law depends upon its apparent effect upon the several towns receiving a distributive portion of the appropriation.

Educational conditions in the state may be improved:

1. In many towns by lengthening the school year.
2. By paying better salaries to teachers, and thus enabling the school board to demand and employ a higher grade of teaching ability.
3. By taking action under Section 3 of Chapter 77 of the Session Laws of 1899, to secure expert supervision of schools.

Friends of education throughout the state are anxiously watching the towns that receive a share of this appropriation to see whether they honestly use it to supplement their own efforts, or relax their own endeavors in their dependence upon the state; to see whether assistance given by the state strengthens or enfeebles the towns receiving it.

CHANNING. FOLSOM.

Superintendent of Public Instruction.

Section 3 of Chapter 77 of the Session Laws of 1899, referred to by Superintendent Folsom, is as follows:

"Any town or special district whose equalized valuation does not exceed \$2,000,000, which shall unite with one or more districts to form a supervisory district which shall employ as superintendent, at an annual salary, a person holding a permanent state teacher's certificate and shall certify through its chairman and secretary such facts to the state treasurer, shall be entitled to one half its apportioned share of said salary, said sum to be paid by him in December of each year to the town treasurer of each town in said supervisory district, upon sworn statement of the state superintendent of public instruction certifying as to what amount each town is entitled."

Section 4 provides that "Supervisory districts formed under this act shall employ not fewer than twenty nor more than sixty teachers."

Section 6 explains the apportionment of the State Appropriation, and is as follows:

"The sum of twenty-five thousand dollars (\$25,000) shall be appropriated annually from the state treasury for the purposes of this act. Twenty-five per cent. of the entire appropriation shall be set apart each year to carry into effect section 3 of this act. Any portion of the sum so set apart and not expended as aforesaid shall remain in the state treasury to be used in any subsequent year, if needed, to carry out the purposes of said section. The remainder shall be paid by the state treasurer in December of each year to all the towns of the state in which the equalized valuation is less than \$3,000 for each child of the average attendance in the public schools of such towns during the school year next preceding, and such other towns as may be added as hereinafter provided, on the sworn statement of the superintendent of public instruction certifying as to what amount each town is entitled, in direct proportion to said average attendance and in inverse proportion to the equalized valuation per child, and shall be used exclusively for the support of the public schools. The governor and council may, upon recommendation of the superintendent of public instruction, add to the class of towns specified above in this paragraph such other towns as may seem from their peculiar conditions to need relief from too great a burden of school taxation."

According to the Report of the Superintendent of Public Instruction for 1898, the equilized valuation of the town of Conway is \$1,038,916, the average attendance of pupils in the schools, 493; the valuation per pupil, of the average attendance, \$2,107.

The School District will be asked to take action at its next annual meeting, as to the matter of expert supervision of schools (Section 3, Chapter 77 of the Session Laws of 1899), as may be seen from the warrant for the meeting. If it be decided to employ such expert supervision, it will be necessary to appropriate not less than \$400 for such purpose.

It is believed that, on the whole, our schools are steadily improving, and there are a number of hopeful and encouraging things to be set down in the annual school report.

In several parts of the town great public spirit and appreciation of the schools has been proven by the pupils themselves buying various articles for their respective schools. At Conway village, the school flag having been worn out, the scholars have raised money to buy another, by giving an entertainment, the first one being bought in the same way. This school has also bought *The People's Cyclopaedia* (at a cost of twenty dollars), and a cabinet organ, also the school-bell for the tower.

At Conway Centre, the pupils raised money by subscription to buy their school-bell, and the school gave an entertainment that realized enough to buy *The Student's Cyclopaedia*. (This school has provided itself with a flag and with a globe for each of its two rooms.)

At the West Side school—always one of the ambitious and executive schools of the town—the pupils have very recently raised money to buy *The Student's Cyclopaedia*, by means of a school exhibition. The McMillan school (which bought its own school flag, too,) will pay for a copy in the same way, and the Kearsarge and East Conway schools are likely to pay for the ones placed in those buildings. The enterprise of the young people is surely to be commended, and the books and all that they have bought will be the more highly prized because they themselves, by their own efforts have paid for them. The Audubon Society Bird-Charts with accompanying booklets,

were placed in thirteen schools, and the pupils paid for those, too.

To Mr. Emerson, Superintendent of the Woburn, Massachusetts, schools (who has a summer residence at North Conway), we are indebted for a gift to the McMillan school of fourteen excellent and attractive books; to the Woman's Educational League for two fine globes and a copy of *The Student's Cyclopædia* for the North Conway grammar and intermediate schools; to the Anna Stickney Chapter of the Daughters of the American Revolution, for a framed picture of the American flag bearing the names of the Thirteen Colonies, given to the North Conway village school; to the North Conway Woman's Club for printing and posting copies of the law relating to the destruction of birds, in connection with the work of the New Hampshire Audubon Society; to Mrs. Wm. Greer for a globe and a map for the Echo Lake school; to Mrs. Henry Russell for a map of New Hampshire, given to the North Conway grammar school, and to Mrs. T. E. M. White for a similar map given to the primary school. Mrs. H. B. Fifield has given the framed picture of the flag with the names of the thirteen original States, to the Conway intermediate school, and Mrs. Mason (of the School Board) has given volumes of *Our Animal Friends*, and *Our Dumb Animals*, to several schools, for supplementary reading.

In this connection, a word as to the books bought by the town for the use of the schools: Our book bill seems large and yet as there are over 500 pupils in the schools, the books and all school supplies have in no year cost over one dollar *per capita*.

It is most gratifying to have to record that the first prize (of ten dollars) offered by the New Hampshire Audubon Society for the best composition on "Birds," written by a boy or girl between the ages of twelve and seventeen years, was won by Rachel Seavey of the North Conway intermediate school; also that Mrs. Annie V. Batchelder, secretary of the society, has written a letter to the pupils of the Echo Lake school, in which she says: "The judges made honorable mention of the composition on The Robin and the Wood Thrush, by Freeman

Davis, and if there had been three prizes at their disposal for those between the ages of twelve and seventeen years, the third would have been awarded to him." She further says: "The compositions sent by Abbie and Helen Lucy and by Myron, Richard and Freeman Davis, were very interesting and showed that the members of the Echo Lake school had learned to use their eyes and ears to some purpose."

More than anything else in connection with the schools, we deplore the irregular attendance of many of our pupils. And yet it is not so much with the pupils as with the mothers and fathers that the blame lies. When will parents realize that the best teacher who ever taught, must fail in satisfactory results if the learner is present at only part of the lessons!

Respectfully submitted,

H. BOARDMAN FIFIELD,  
ABBIE M. D. BLOUIN,  
ELLEN M. MASON.
